

CIWM

WasteSmart

Waste Smart Foundation Level

Certified by the Chartered Institution of Wastes Management (CIWM)

Introduction

The E-Reps Network is partnering with CIWM accredited Enviro UK Consultants to provide WasteSmart Courses to the offshore industry. The WasteSmart training programme is designed to help delegates consider resources and waste in everything they do in order to have a positive impact on their environment. WasteSmart is interactive, informative and its easy to digest message can be quickly turned in to direct action in the workplace.

Aim

In highly regulated industries where legislation drives many organisational procedures and policies, this training course provides a perfect opportunity for delegates to gain a sound overview of waste issues and the skills to manage waste confidently and competently to ensure ongoing compliance, efficiency and to identify continual improvement opportunities.

Course Content

- Waste as a Resource
- Waste Hierarchy
- Environmental Impact of Waste
- Cost of Managing Waste
- Legislation and Compliance

Expected Course Outcomes:

On completion of the course, delegates will be able to:

- Understand the importance of improving resource use
- Identify opportunities to reduce waste
- Describe relevant waste regulations
- Demonstrate a commitment to improved environmental performance
- Determine cost saving opportunities associated with effective resource management

Suitable for: Environmental Advisors, HSE Advisors, Environmental/Safety Reps, supervisors and team leaders with responsibility for environmental management issues.

Prior Knowledge/Training: None required.

Course Duration: 1 day

Assessment and Certification: Multiple choice, open book, leading to Formal Foundation WasteSmart certificate valid for 3 years.

Numbers: Min 6, Max 10

Cost: £275 + VAT

Course Trainer: Sharon Lashley
Director of Enviro UK Consultants Ltd

Sharon is a professional, experienced environmentalist with 20 years' experience in waste management, renewable energy and energy efficiency. Her expertise lies in helping businesses improve their green credentials, save energy and comply with Waste and Environmental legislation. Enviro UK Consultants offer consultancy support, project management and training to a range of clients including high hazard industries, construction companies, developers, local authorities, schools, businesses and community groups.
